

## **Hardscape Installation Warranty**

A1 Kevin's Landscaping includes a 5-year limited craftsmanship warranty, with contractual projects completed by our staff. This warranty includes that pavers/walls will not settle in excess of 3/8" under normal circumstances.

If issues or concerns arise within the 5-year period after installation is complete, the customer is to contact our office to review concerns and be available to discuss in person at the location of the issue.

Many of our preferred manufactures also offer a warranty on material. If it is determined the pavers, block, etc. A1 Kevin's Landscaping installed fails, the replacement material would be covered by the manufacturer, and it is the customer's responsibility to file the claim and complete the warrantee. The labor to remove and re-install is not included.

\* It is common and expected for pavers, wall block, wall caps, etc. to show efflorescence after installation. This efflorescence can include but is not limited to white minerals exiting the concrete product during curing process after installation. A1 Kevin's Landscaping does not cover this under our warranty as this is expected but can be hired to clean off if it occurs.

\* Terms of warranty are from the original completed installation date.

\* Terms of warranty are null and void if A1 Kevin's Landscaping work has been altered in any manner from the original installation.
